

Mastronardi Produce has been named one of Canada's 50 best managed companies for the fourth consecutive year.

Sponsored in-large part by Deloitte, Canada's 50 Best Managed Companies ranking recognizes outstanding nationally run companies based on business performance, sustained growth and best practices throughout the organization. 

Mastronardi Produce ranks as a Gold Standard winner this year, reserved for companies who make the list for more than three years.

Deloitte partner John Hughes commented on Mastronardi Produce's world-class business practices that set it apart from other organizations.

"We believe that there are three vital building blocks to sustainable growth: strategy, capability, and commitment; Mastronardi Produce has demonstrated it is a model of success in all three areas and is duly recognized as one of Canada's Best Managed," Hughes said in a media statement.

The company attributed its award to success as a leading grower and marketer of greenhouse produce under the Sunset brand.

President Paul Mastronardi thanked his team for its continued commitment.

"My family has been focused on growing quality, flavorful produce for almost 60 years and it is with great pleasure that we accept this award again this year elevating us to the Gold Standard level," Mastronardi said in a press release.

"We have a passionate team that contributes to our success; I am grateful and thank everyone for keeping up the hard work that brings us this prestigious award."
