

In this installment of the 'Agronomics In Charts' series, Sarah Ilyas studies the state of the Colombian avocado market. Each week the series looks at a different horticultural commodity, focusing on a specific origin or topic visualizing the market factors that are driving change.

In 2021, Colombia exported 2,376 tons of avocados to the U.S.; the country plans to increase the exported volumes by 30 percent this year. Over the course of the past decade, Colombia's avocado production and exports have grown rapidly.

According to the United Nations Food and Agriculture Organization, Colombia is emerging as the third largest avocado producer in the world, after Mexico and the Dominican Republic.
